# Let Us Introduce You To IRS *e-file*

## **What is IRS *e-file*?**

IRS *e-file* is an electronic tax-filing service available to individuals and businesses. It is the fastest way to file taxes, and it gets you your refund in half the usual time. Even faster when you have your refund deposited directly to your bank account.

As an authorized IRS *e-file* provider, we can offer the benefits of e-filing to you.

## **How does IRS *e-file* work?**

With IRS *e-file*, we transmit your tax return from our computers right to the IRS. Click! Zip. Your return is in. You don't have to worry about your return being lost or delayed in the mail.

## **How will you know for sure the IRS got your return?**

Within 48 hours the IRS sends us proof that your return has been accepted. Only IRS *e-file* offers this advantage.

## **How safe is IRS *e-file*?**

It is virtually error-proof. IRS *e-file* is so accurate it greatly reduces the chance that you'll get "one of those letters" from the IRS.

## **What about your signature?**

You simply sign the signature document, Form 8453, and we will take care of the rest.

## **Can a state tax return be e-filed with a Federal return?**

In most cases, yes. Ask us about this service.

## **What if you owe money?**

If you owe money, you can e-file your return now and get proof from the IRS that it has been accepted. Just pay what you owe by April 15.

## **Is there a fee for IRS *e-file*?**

We'll be glad to explain our tax preparation and e-filing fees. Our fees are not based on any figure from your tax return. And the IRS does not charge any fee for e-filing.

## **How many taxpayers have used IRS *e-file*?**

IRS *e-file* has been proven and tested by millions of taxpayers. Most have e-filed again and again since the service was introduced more than 10 years ago. In fact, last year over 19 million individuals chose to e-file their returns.
