

Instructions for Form 720-TO

(September 2010)

Terminal Operator Report

Department of the Treasury
Internal Revenue Service

Section references are to the Internal Revenue Code unless otherwise noted.

Reminders

These instructions are for paper filers. Electronic filing is required for each return reporting 25 or more transactions a month. However, all taxpayers are encouraged to electronically file. File Form 720-TO electronically through the Excise Summary Terminal Activity Reporting System (ExSTARS). For more information on e-file and ExSTARS, visit the Internal Revenue Service (IRS) website at www.irs.gov/excise. Also, see Pub. 3536, Motor Fuel Excise Tax EDI Guide.

General Instructions

Purpose of Form

Use Form 720-TO if you are a terminal operator to report monthly receipts and disbursements of all liquid products to and from all approved terminals.

Reporting is required for inactive terminals. A separate Schedule B must be prepared for each position holder and for each related product code that is destined for more than one state or has more than one mode of transportation.

A liquid product is any liquid that is transported into storage at a terminal or delivered out of a terminal. See *Table 2. Product Codes* on page 6.

Who Must File

Each terminal operator is required to file a separate Form 720-TO for each approved terminal.

When To File

Form 720-TO must be filed monthly. The report is due the last day of the month following the month in which the transaction occurs.

If any due date for filing a return falls on a Saturday, Sunday, or legal holiday, you may file the return on the next business day.

Send your information return using the U.S. Postal Service or a designated private delivery service to meet the "timely mailing as timely filing/paying" rule. See *Private Delivery Services* on page 2.

Where To File

Mail Form 720-TO to:

Internal Revenue Service
Attn: Excise Unit
Stop 5701G
Cincinnati, OH 45999

Send the forms in a flat mailing (not folded). Do not staple, tear, or tape any of these forms. If you are sending a large number of forms in conveniently sized packages, write your name and EIN on each package and number the packages consecutively. Postal regulations require forms and packages to be sent by First-Class Mail.

How To Complete Form 720-TO

Below are suggestions that will allow the IRS to process the submitted forms in the most economical manner:

1. If you need additional forms or schedules, you may use photocopies.
2. Although handwritten forms are acceptable, the IRS prefers that you type or machine print data entries using 10 pitch (pica) or 12 pitch (elite) black type. Use block print, not script characters. Insert data in the middle of the blocks not touching other printing and guidelines, and take other measures to guarantee a dark black, clear, sharp image.
3. Do not enter 0 (zero) or "None" in data entry boxes when no entry is required. Leave the boxes blank unless the instructions specifically require that you enter a 0 (zero).

Substitute Form 720-TO

If you want to prepare and use a substitute Form 720-TO, see Pub. 1167, General Rules and Specifications for Substitute Forms and Schedules. If your substitute Form 720-TO is approved, the form approval number must be printed in the lower left margin of each substitute form you file with the IRS.

Extension of Time To File

A first time request for a 30 day extension will be granted, if received in writing on or before the due date of the report. Additional extensions may be considered if received prior to the due date of the return. Send your request to:

Internal Revenue Service
Attn: Excise Unit
Stop 5701G
Cincinnati, OH 45999

Requests may also be faxed to (859) 669-5788.

Corrected Returns

If you filed a return with the IRS and later discover you made an error, you must correct it as soon as possible. If you filed your return electronically, see Pub. 3536 for instructions.

When making a correction to a paper filed return, you must send in the first page of Form 720-TO and the schedule(s) that needs to be corrected with the "Void" box checked. Identify the transaction you are correcting, either by highlighting or attaching an explanation. Then, complete another first page of Form 720-TO along with the corrected schedule(s) with the "Corrected" box checked. On the corrected schedule(s), only enter the information for the transaction you are correcting.

Recordkeeping

Keep copies of information returns you have filed with the IRS or the data to reconstruct them for at least 3 years from the date of the return. Your records must be available at all times for inspection by the IRS.

Penalty

Failure to file correct information returns by the due date. If you fail to file a correct information return by the due date and you cannot show reasonable cause, you may be subject to a penalty. The penalty applies if you fail to file timely, you fail to include all information required to be shown on a return, or you include incorrect information on a return. The penalty also

applies if you report an incorrect employer identification number (EIN) or fail to report an EIN where required.

Private Delivery Services

You can use certain private delivery services designated by the IRS to meet the “timely mailing as timely filing/paying” rule for tax returns and payments. These private delivery services include only the following:

- DHL Express (DHL): DHL Same Day Service.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx International Priority, and FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

The private delivery service can tell you how to get written proof of the mailing date.

Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

How To Get Tax Help

You can call the IRS toll free at 1-800-829-4933 for answers to your questions about completing Form 720-TO, excise tax information, or obtaining an employer identification number. You can get excise tax information on the IRS website at www.irs.gov/excise.

Contacting your Taxpayer Advocate. The Taxpayer Advocate Service is an independent organization within the IRS whose employees assist taxpayers who are experiencing economic harm, who are seeking help in resolving tax problems that have not been resolved through normal channels, or who believe that an IRS system or procedure is not working as it should.

You can contact the Taxpayer Advocate Service by calling toll-free 1-877-777-4778 or TTY/TDD 1-800-829-4059 to see if you are eligible for assistance. You can also call or write to your local taxpayer advocate, whose phone number and address are listed in your local telephone directory and in Publication 1546, Taxpayer Advocate Service - Your Voice at the IRS. You can file Form 911, Application for Taxpayer Assistance Order, or ask an IRS employee to complete it on your behalf. For more information, go to www.irs.gov/advocate.

Internet. You can access IRS.gov, 24 hours a day, 7 days a week, to:

- Download forms, instructions, and publications;
- Order IRS products online;
- Research your tax questions online;
- Search publications online by topic or keyword;
- Use the online Internal Revenue Code, Regulations, and other official guidance;
- View Internal Revenue Bulletins (IRBs) published in the last few years;
- Sign up to receive local and national tax news by email; and
- Get information on starting and operating a small business.

Phone. Many services are available by phone.

- **Ordering forms, instructions, and publications.** Call 1-800-TAX-FORM (1-800-829-3676) to order current-year forms, instructions, and publications, and prior-year forms and instructions. You should receive your order within 10 days.
- **Asking tax questions.** Call the IRS with your tax questions at 1-800-829-1040.
- **Solving problems.** You can get face-to-face help solving tax problems every business day in IRS Taxpayer Assistance Centers. An employee can explain IRS letters, request adjustments to your account, or help you set up a payment plan. Call your local Taxpayer Assistance Center for an appointment.

To find the number, go to www.irs.gov/localcontacts or look in the phone book under *United States Government, Internal Revenue Service*.

• **TTY/TDD equipment.** If you have access to TTY/TDD equipment, call 1-800-829-4059 to ask tax questions or to order forms and publications.

• **TeleTax topics.** Call 1-800-829-4477 to listen to pre-recorded messages covering various tax topics.

• **Refund information.** To check the status of your 2010 refund, call 1-800-829-1954 during business hours or 1-800-829-4477 (automated refund information 24 hours a day, 7 days a week). Wait at least 72 hours after the IRS acknowledges receipt of your e-filed return, or 3 to 4 weeks after mailing a paper return. If you filed Form 8379 with your return, wait 14 weeks (11 weeks if you filed electronically). Have your 2010 tax return available so you can provide your social security number, your filing status, and the exact whole dollar amount of your refund. Refunds are sent out weekly on Fridays. If you check the status of your refund and are not given the date it will be issued, please wait until the next week before checking back.

• **Other refund information.** To check the status of a prior year refund or amended return refund, call 1-800-829-1954.

Evaluating the quality of our telephone services. To ensure IRS representatives give accurate, courteous, and professional answers, we use several methods to evaluate the quality of our telephone services. One method is for a second IRS representative to listen in on or record random telephone calls. Another is to ask some callers to complete a short survey at the end of the call.

Mail. You can send your order for forms, instructions, and publications to the address below. You should receive a response within 10 days after your request is received.

Specific Instructions

Name and Address

Include the suite, room, or other unit number after the street address.

P.O. Box

If the post office does not deliver mail to the street address and you have a P.O. box, show the box number instead of the street address.

Foreign Address

Enter the information in the following order: city, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country's name.

Contact Information

Enter the name, daytime telephone number, fax number, and email address for the person who should be contacted to discuss this information return.

Identification Numbers

Employer Identification Number (EIN)

Enter your EIN. If you do not have an EIN, use Form SS-4, Application for Employer Identification Number, to apply for one. You can get this form at Social Security Administration offices or by calling 1-800-TAX-FORM (1-800-829-3676). You can apply for an EIN online or by telephone, fax, or mail. See the Instructions for Form SS-4 for more information. If you have applied for an EIN but you do not have your EIN by the time you must file your information return, enter "Applied for" in any space where your EIN must be entered.

Form 637 Registration Number

Enter the assigned IRS number. Regulations sections 48.4101-1(c)(1)(iii)(iv)(vi) and (vii) require pipeline operators, position holders, terminal operators, and vessel operators to be registered by the IRS. If you do not have a registration number, use Form 637, Application for Registration (For Certain Excise Tax Activities). Form 637 has information on how to apply for a registration number.

Carrier and Consignor Names and EINs

EINs are used to associate and verify transactions you report to the IRS. Therefore, it is important that you furnish correct names and EINs for carriers and consignors on the forms sent to the IRS.

You may use Form W-9, Request for Taxpayer Identification Number and Certification, or your own form, to request an EIN from a carrier or a consignor. You may be subject to a penalty for an incorrect or missing EIN on an information return. See *Penalty* on page 1. You are required to maintain the confidentiality of information obtained on a Form W-9 relating to the taxpayer's identity and you may use such information only to comply with filing these information returns.

Note. Foreign persons may use the appropriate Form W-8. See the *Instructions for the Requester of Forms W-8BEN, W-8ECI, W-8EXP, and W-8IMY.*

Signature

Form 720-TO must be signed by a person who has authority to sign.

Definitions

Approved terminal. A terminal that is operated by a taxable fuel registrant that is a terminal operator.

Consignor. The person that hires the carrier to transport liquid product.

Facility control number (FCN). A number that designates a storage location within the motor fuel, renewable fuel production, or the bulk transfer/terminal system. Facilities include approved terminals (TCN), biodiesel production facilities (BCN), or ethanol production facilities (ECN). The list of facilities can be found at www.irs.gov/excise.

Gross gallons. The total product measured in U.S. gallons without temperature or barometric adjustments.

Mode codes. The table below lists the mode codes.

Table 1. Mode codes

J truck	IJ import by truck	EJ export by truck
R rail	IR import by rail	ER export by rail
B barge	IB import by barge	EB export by barge

S ship (Great Lake or ocean)	IS import by ship	ES export by ship
PL pipeline	IP import by pipeline	EP export by pipeline
RS products dispensed at a terminal for end-use or consumption	RF removal from a terminal into refueling vessels.	BA product reclassifications
CE summary		

Imports. Reportable products entered into the US by an importer of record/enterer. Only the following mode codes listed are allowed. For example, IB, IS, or IP (for pipeline). Reporting the country of origin is optional. See *Table 3. Abbreviations* on page 7.

Note. An import is only reported when the product is first entered into the US. Fuel is no longer characterized as an import after the fuel product enters the US.

Exports. Reportable products leaving the US. Only the mode codes listed are allowed. For example, EB, ES, or EP (for pipeline). Reporting the destination country is optional. See *Country Code List* on page 8.

End-use. When reporting end-use transactions using mode code RS or RF, the terminal operators or position holders should report their own EIN as the carrier EIN on the disbursements. No carrier report is required.

- **RF** is used when a refueling vessel loads fuel at a TCN for end-use to refuel vessels on waterways.
- **RS** is used when products are dispensed at a TCN for end-use or consumption in small quantities. For example, refueling snowmobiles, and other small over-the-rack disbursements.

CE—Summary code. Used when reporting product codes 001, 049, 092, 122, 188, and 960 in summary. See *Optional Summary Reporting Instructions for Product Codes 001, 049, 092, 122, 188, and 960, and Disbursements Using Mode of Transportation Code "RF" or "RS"* on page 5.

RF or RS—Removal from terminals for end-use. Monthly disbursement transactions for any product code using "RF" or "RS" may be reported using the *Optional Summary Reporting Instructions for Product Codes 001, 049, 092, 122, 188, and 960 (Schedule B), and Disbursements Using Mode of Transportation Code "RF" or "RS"* on page 5, or may be reported in detail.

Mode code BA. Used for product reclassifications or conversions of products that result in a product code change only. Product reclassifications are not accounting journal entries correcting the books of the business. For example, conversion of ethanol (E00) to blend E10 with gasoline (065) or biodiesel (B00) to biodiesel blend (B99).

Schedule A product reclassification(s) amounts must be equal to the sum of the Schedule B amounts in total that create the mixture or product. For example, if you have 242,000 gallons of blended product, the Schedule A Receipts amount for that product code must be equal to the sum of the Schedule B "BA" disbursements (220,000 of product 1 and 22,000 of product 2).

Zero gallon transactions are not allowed on Schedule A or Schedule B.

You may report product code reclassifications with other transactions on a single Schedule A. Use a separate Schedule B for each product code with "Book Adjustment" as the name.

Net gallons. Liquid product measured in U.S. gallons corrected to a temperature of 60° Fahrenheit or 15° Celsius and to a pressure of 14.7 pounds per square inch (psi).

Position holder (PH). For IRS Excise information reporting only, with respect to a liquid product in a terminal, the person that holds the inventory position in the liquid product as reflected on the records of the terminal operator. A person

holds the inventory position in a liquid product when that person has a contractual agreement with the terminal operator for the use of storage facilities and terminaling services at a terminal with respect to the liquid product. The term also includes a terminal operator that owns a liquid product in its terminal.

Transport carriers (bulk). Includes pipelines, barges, or ships transporting reportable liquid product to or from reportable facilities.

Transport carriers (non-bulk). Includes trucks or railcars delivering or removing liquid product at approved terminals and removals from terminals (other than by truck or rail) for sale or use.

Terminal. A taxable fuel storage and distribution facility that is supplied by pipeline or vessel and from which liquid products, such as taxable fuel, may be removed at a rack. However, the term does not include any facility at which gasoline blendstocks are used in the manufacture of products other than finished gasoline and from which no gasoline is removed. Also, the term does not include any facility where finished gasoline, undyed diesel fuel, or undyed kerosene is stored if the facility is operated by a taxable fuel registrant and all such taxable fuel stored at the facility has been previously taxed under section 4081 upon removal from a refinery or terminal.

Vessel official number. A number assigned by the U.S. Coast Guard for domestic vessels (generally, wholly owned by a U.S. citizen). For more information go to <http://www.st.nmfs.noaa.gov/st1/CoastGuard/index.html>. For international ships, an International Maritime Organization (IMO) number is used (issued by Lloyd's Register – Fairplay, Ltd. on behalf of the IMO at <http://www.imonumbers.Lfairplay.com>).

Part II. Terminal

Name and location of terminal. Enter the name and location of the terminal as published on the IRS website. The list of terminals can be found at <http://www.irs.gov/businesses/small/article/0,,id=180086,00.html>.

Terminal control number (TCN). Enter the TCN assigned to the terminal's physical location by the IRS.

Part III. Transactions for the Month

Part III is for the terminal operator to provide a monthly summary of the terminal receipts and disbursements by product code.

Line 1. Enter the physical inventory of net gallons by product code at the beginning of the reporting period. This should be the same number as reported for actual ending inventory the previous month.

Line 2. If you have more than one Schedule A for a product code, combine the totals from each column (g) for the product code and enter the total on line 2.

Line 4. If you have more than one Schedule B for a product code, combine the totals from each column (f) for the product code and enter the total on line 4.

Line 6. Enter all gains and losses by product code. The amount entered on line 6 will show any difference, plus or (minus), between lines 5 and 7. Book adjustments or other known transactions are not considered gains or losses.

Line 7. Enter the actual physical ending inventory at the terminal.

Transaction Reporting Instructions for All Product Codes

Schedule A. Terminal Operator Receipts

Use this schedule to report each receipt of product (bulk and non-bulk) by the terminal operator. A separate Schedule A must be used for each product code.

Note. Non-bulk receipts of product code 001, 049, 092, 122, 188, or 960 can be reported in summary by month instead of reporting them as separate transactions. If you wish to summarize these transactions by month, use the optional

reporting instructions for Schedule A on page 5 instead of these instructions.

Line 1

Enter the product code from Table 2 on page 6. Product code 122 (blending components) includes gasoline blendstocks as defined in Regulations section 48.4081-1(c)(3)(i) but not listed in the product code table.

Line 1a

For products codes Exx, Bxx, and Dxx received at a TCN enter the Position Holder (PH) inside the TCN. Also enter EIN and 637 Number of the PH. Enter one PH name per page.

Line 2

Column (a). Enter the name of the carrier that transports the product into the terminal.

Column (b). Enter the carrier's EIN. If the carrier is a foreign flag vessel, enter the EIN of the Importer of Record (IOR). The IOR must be a US person, registered on a Form 637 and have an EIN.

Column (c). Enter the mode code. See *Table 1. Mode codes* on page 3. For Exx, Bxx, and Dxx product reclassifications (BA), you must report the PH of the renewable fuel.

Column (d). If the mode code in column (c) is either a barge (B, IB, or EB) or a ship (S, IS, or ES), enter the vessel official number.

Column (e). Enter the date the product was received into the terminal (mmddyyyy).

Column (f). Enter the identifying number from the document provided by the carrier that reflects the details of the transaction. This could be the terminal receipts document, pipeline ticket number, pump order number, bill of lading, barge ticket number, inspection report, etc. Both the carrier and terminal operator must report the same document number.

Column (g). Enter the actual net gallons received into the terminal. For non-bulk deliveries to a terminal where net gallons are not measured, enter gross gallons.

Schedule B. Terminal Operator Disbursements by Position Holder

Use this schedule to report each disbursement of product (bulk and non-bulk) by the terminal operator by position holder. A separate Schedule B for each position holder, separating bulk from non-bulk, must be used for each product code that is destined for more than one state or has more than one mode of transportation.

Note. Bulk and non-bulk disbursements of product code 001, 049, 092, 122, 188, or 960 can be reported in summary instead of reporting them as separate transactions. If you wish to summarize these transactions, use the optional reporting instructions for Schedule B on page 5 instead of these instructions.

Position holder (PH) name. Enter the name of the entity holding the inventory position in the terminal.

Line 1

Enter the product code from Table 2 on page 6.

Line 2

Enter the destination state code from Table 3 on page 7. The destination state code is required for non-bulk (truck or rail car) disbursements only. If a fuel transport truck is receiving fuel destined for different states, the terminal operator will issue a bill of lading, manifest, or other shipping document for each destination state. You are required to report each separate shipping document as a separate transaction.

Line 3

Enter the mode code. See *Table 1. Mode codes* on page 3.

Example. ABC terminal is preparing Schedule B for disbursements made by position holder XYZ. XYZ disburses gasoline (PC 065), diesel fuel #2 low sulfur undyed (PC 167), and jet fuel (PC 130) during the month destined for two states.

ABC must prepare six Schedules B to report XYZ's transactions (three product codes x two destination states).

Line 4

Column (a). Enter the name of the carrier that transports the product out of the terminal.

Column (b). Enter the carrier's EIN. For exports involving a foreign vessel that does not have an EIN, use your EIN. If the carrier is a military vehicle, enter the appropriate DOD EIN. If the EIN is unknown, you should request the appropriate DOD EIN (using the W-9 form) that has been issued to the Defense Fuels Agency or other government entities.

Column (c). If the carrier is either a barge (B, IB, or EB) or a ship (S, IS, or ES), enter the vessel official number.

Column (d). Enter the date the product was removed from the terminal (mmddyyyy).

Column (e). Enter the identifying number from the document provided by the terminal operator to the carrier that reflects the details of the transaction. This could be a bill of lading, manifest, inspection report, or other shipping document. Both the carrier and terminal operator must report the same document number.

Column (f). Enter the actual net gallons disbursed from the terminal.

Column (g). Enter the gross gallons disbursed from the terminal as shown on the document listed in column (d). No entry is required for product codes 001, 049, 092, 122, 188, and 960.

Optional Summary Reporting Instructions for Product Codes 001, 049, 092, 122, 188, and 960, and Disbursements Using Mode Code "CE," "RF," or "RS"

Schedule A. Terminal Operator Receipts

Use these instructions to report in summary by month the non-bulk receipts of product codes 001, 049, 092, 122, 188, and 960 into the terminal. If you have bulk receipts for product codes 092 and 122, you must use the instructions for Schedule A above and report these transactions in detail. Use separate Schedules A for product codes 001, 049, 092, 122, 188, and 960. Do not combine product code 092 with product code 122.

Product code. If the product is a blending component and not listed in Table 2, enter 122. If the product is not a blending component, enter 092.

Column (a). Enter "Various."

Column (b). Enter your EIN.

Column (c). Enter "CE."

Column (d). Leave blank.

Column (e). Enter the month ending date (mmddyyyy).

Column (f). Enter "Summary."

Column (g). Add the net gallons for all transactions for the month and enter the total.

Schedule B. Terminal Operator Disbursements by Position Holder

Use these instructions to report in summary for mode code "CE," the total disbursements (bulk and non-bulk) of product codes 001, 049, 092, 122, 188, and 960 for each position holder. Use separate Schedules B for product codes 001, 049, 092, 122, 188, and 960. Do not combine product code 092 with product code 122.

Use mode codes "RF" or "RS." Monthly disbursement transactions for any product code using "RF" or "RS" may be reported in summary on Schedule B, or may be reported in detail.

Product code. If the product is a blending component and not listed in Table 2, enter 122. If the product is not a blending component, enter 092.

Destination state. Enter the destination state code. See *Table 3. Abbreviations* on page 7.

Mode code. Enter "CE," "RF," or "RS" as applicable.

Column (a). Enter "Various."

Column (b). Enter your EIN.

Column (c). Leave blank.

Column (d). Enter the month ending date (mmddyyyy).

Column (e). Enter "Summary."

Column (f). Add the total net gallons for all transactions for the month by the terminal for each position holder and product code, and enter the total.

Column (g). Not required for product codes 001, 049, 092, 122, 188, and 960.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on these forms in order to carry out the Internal Revenue laws of the United States. Section 4101 and its regulations require you to file an information return with the IRS. Form 720-TO is used to report the information. Section 6109 requires you to provide your taxpayer identification number. Routine uses of tax information include giving it to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws. We may also disclose this information to foreign countries pursuant to tax treaty and to federal and state agencies to enforce federal nontax criminal laws and to combat terrorism. If you fail to provide this information in a timely manner, you may be subject to penalties.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete and file these forms will vary depending on individual circumstances. The estimated average times are:

Form	Recordkeeping	Learning about the law or the form	Preparing, copying, assembling, and sending the form to the IRS
720-TO	19 hr., 21 min.	30 min.	49 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave. NW, IR-6526, Washington, DC 20224. Do not send the tax form to this address. Instead, see *Where To File* on page 1.

Diesel Fuel # 2 Low Sulfur Undyed	167	Crude (any)	001 ⁴
Fuel Oil # 1 Undyed	150	Condensate (not Crude)	049 ⁴
Diesel Fuel # 4 Undyed	154	Asphalt	188 ⁴
Diesel Fuel High Sulfur # 1 Undyed	282	Food	960 ⁴
Diesel Fuel High Sulfur # 2 Undyed	283	Soy Oil	285 ⁴
Diesel Fuel Dyed:		Waste Oil	091
Diesel Fuel High Sulfur Dyed	226		

¹00–99 indicates the percentage of fuel or fuel mixture (for example, a fuel composed of 79% ethanol would be E79, 100% dyed biodiesel would be D00)

²Blending Components Other (122) does not include product codes 155, 249, 093, 076, 126, 059, 223, 121, 199, or 100.

³Undefined (Other) 092 does not include product codes 001, 049, 188, or 960.

⁴Generally, these codes are not intended to expand reporting to these categories. However, if these products go into or out of an approved terminal (TCN facility), they must be reported to allow full accountability of liquids at an approved terminal.

Note: The designated products that can be reported by terminal operators as a receipt in a book adjustment (mode code BA) are: E01–E99 (not E00), B01–B99 (not B00), M01–M99 (not M00), D00–D99, 065, 073, 074, 076, 091, 130, 145, 147, 153, 226, 227, and 231.
