

Installment Agreement Request

▶ See instructions below and on back.

Note: Do not file this form if you are currently making payments on an installment agreement. You must pay your other Federal tax liabilities in full or you will be in default on your agreement.

If you can't pay the full amount you owe, you can ask to make monthly installment payments. If we approve your request, you will be charged a \$43 fee. **Do not** include the fee with this form. We will send you a bill for the fee when we approve your request. We will usually let you know within 30 days after we receive your request whether it is approved or denied. But if this request is for tax due on a return you filed after March 31, it may take us longer than 30 days to reply.

To ask for an installment agreement, complete this form. Attach it to the front of your return when you file. If you have already filed your return or you are filing this form in response to a notice, see **How Do I File Form 9465?** on page 2. If you have any questions about this request, call 1-800-829-1040.

Caution: A Notice of Federal Tax Lien may be filed to protect the government's interest until you pay in full.

General Instructions

If you cannot pay the full amount you owe shown on your tax return (or on a notice we sent you), you can ask to make monthly installment payments. However, you will be charged interest and may be charged a late payment penalty on any tax not paid by its due date, even if your request to pay in installments is granted. To limit the interest and penalty charges, file your return on time and pay as much of the tax as possible with your return (or notice). But before requesting an installment agreement, you should consider other less costly alternatives, such as a bank loan.

You will be charged a \$43 fee if your request is approved. Do not include the fee with this form. We will send you a letter telling you your request has been approved, how to pay the fee, and how to make your first installment payment. After we receive each payment, we will send you a letter showing the remaining amount you owe, and the due date and amount of your next payment.

By approving your request, we agree to let you pay the tax you owe in monthly installments instead of paying the amount immediately in full. In return, you agree to make your monthly payments on time. You also agree to meet all your future tax liabilities. This means that you must have adequate withholding or estimated tax payments so that your tax liability for future years is paid in full when you timely file your return. If you do not make your payments on time or you have an outstanding past-due amount in a future year, you will be in default on your agreement and we may take enforcement actions to collect the entire amount you owe.

Bankruptcy—Offer-in-Compromise.—If you are in bankruptcy or we have accepted your offer-in-compromise, **do not** file this form. Instead, call your local IRS District Office Special Procedures function. You can get the number by calling 1-800-829-1040.

Specific Instructions

Line 1

If you are making this request for a joint tax return, show the names and SSNs in the same order as shown on your tax return.

Line 10

Even if you can't pay the full amount you owe now, you should pay as much of it as possible to limit penalty and interest charges. If you are filing this form with your tax return, make the payment with your return. If you are filing this form separately, for example, in response to a notice, include a check or money order payable to the Internal Revenue Service with this form. On your payment, write your name, address, social security number, daytime phone number, and the tax year and tax return for which you are making this request (for example, "1994 Form 1040").

Line 11

You should try to make your payments large enough so that your balance due will be paid off by the due date of your next tax return.

Line 12

You can choose the date each month that you want to make your payments. For example, if your rent or mortgage payment is due on the first of the month, you may want to make your installment payments on the 15th. When we approve your request, we will tell you the month and date that your first payment is due. If we have not replied by the date you choose for your first payment, you may send your first payment to the Internal Revenue Service Center at the address shown on this page for the place where you live. Make your check or money order payable to the Internal Revenue Service. See the instructions for line 10 for what to write on your payment.
